Great! Not a whole lot of news on our end yet. We have reached out to the Vatican engineer who will help us arrange the air filtration system / solar panels tour. Once we have a good idea where that fits in the schedule, we will be able slot in the other Vatican meetings and lunch.

I totally get that! You are all going to need a break after we leave, but I imagine the CODELS, and potentially Mrs. Gingrich, will keep you busy through the summer.

We should get to Vatican issues right away after a couple of logistics issue that Brenda will raise.

Mark

Hi Mark;

Sure thing, I will send you some info for the briefing book as soon as possible. Sorry if we've been slow to respond recently, we have been slammed with POTUS preparations and CODELS for the last week. I should be able to join the conference call in an hour, but I will have to leave early.

Thanks,

Hi, [REDACTED] **Ex. 6 - Personal Privacy**

I hope you are doing well as you prepare for the Presidential visit. I am sure you are all very busy!
Of course we are also preparing for the Administrator's visit and are busy preparing his briefing materials. Anything you can share with us at this point, from Anna's email below would be helpful.

I look forward to speaking with you tomorrow and seeing you in Rome just after Memorial Day.

Best regards, Mark

Hi, [REDACTED] **Ex. 6 - Personal Privacy** — We appreciate all of your efforts in making arrangements for the Vatican portion of Administrator Pruitt's upcoming mission to Italy.

We are beginning to put together event memos for the Administrator's briefing book and will welcome receiving details as available on the various Vatican events. FYI, we will be using the attached format to give you an idea of what will be needed. However, we will be happy to take the information you have in whatever form you can provide and we will put it in the proper place.

FYI, we have been asked to keep the briefings short, crisp and focused so there won't be a need to write anything lengthy and only key information will be needed. In addition, your recommendations on any useful (targeted) background material also would be welcome and appreciated.

Thanks again for your help!

Best,
Anna
